2003 ANNUAL INDEX

SMALL ANIMAL/EXOTICS AUTHORS

A

Adkins EA: Cataract Evaluation and Treatment in Dogs: **Nov, 812–825**

Amsellem PM: Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Pathophysiology: **Apr, 256–264**; Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Treatment and Prognosis: **Apr, 266–274**

Arnold S: Brachycephalic Syndrome in Dogs: **Jan, 48–55**

Axlund TW: Surgical Treatment of Canine Hyperadrenocorticism: **May, 334–347**

B

Behrend EN: Surgical Treatment of Canine Hyperadrenocorticism: **May, 334–347**

Bourdeau PJ: Dermatologic Problems of Rabbits: **Feb, 90–101**; Dermatologic Problems in Guinea Pigs: **Sep, 690–697, 700**

Breitschwerdt EB: Transmission Times and Prevention of Tick-Borne Diseases in Dogs: **Oct, 742–751**

Breur GJ: Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Pathophysiology: **Apr, 256–264**; Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Treatment and Prognosis: **Apr, 266–274**

Brown MR: Primary Tracheal Tumors in Dogs and Cats: **Nov, 854–860**

C

Ciaramella P: Canine Leishmaniasis: Clinical and Diagnostic Aspects: **May, 358–369**; Canine Leishmaniasis: Therapeutic Aspects: **May, 370–375**

Connally HE: Emergency Complications Associated with Chemotherapeutics and Cancer: **Sep, 676–688**

Corona M: Canine Leishmaniasis: Clinical and Diagnostic Aspects: **May, 358–369**; Canine Leishmaniasis: Therapeutic Aspects: **May, 370–375**

D

Datz C: Update on Canine and Feline Heartworm Tests: **Jan, 30–41**; *Bordetella* Infections in Dogs and Cats: Pathogenesis, Clinical Signs, and Diagnosis: **Dec, 896–901**; *Bordetella* Infections in Dogs and Cats: Treatment and Prevention: **Dec, 902–914**

Dhaliwal RS: Canine Lymphosarcoma: Clinical Features: **Aug, 572–582**; Canine Lymphosarcoma: Diagnosis and Treatment: **Aug, 584–600**

E

El Bahri L: Pharm Profile: *N*-Acetylcysteine: **Apr, 276–280**; Pharm Profile: Dimercaprol: **Sep, 698–700**

Erne JB: Surgical Hemostasis: **Oct, 732–740**

F

Flatland B: Botanicals, Vitamins, and Minerals and the Liver: Therapeutic Applications and Potential Toxicities: **Jul, 514–524**

Flournoy WS: Heatstroke in Dogs: Pathophysiology and Predisposing Factors: **Jun, 410–418**; Heatstroke in Dogs: Clinical Signs, Treatment, Prognosis, and Prevention: **Jun, 422–431**

Fransson BA: Canine Pyometra: An Update on Pathogenesis and Treatment: **Aug, 602–612**

G

Good LI: Thromboembolic Disease: Physiology of Hemostasis and Pathophysiology of Thrombosis: **Sep, 650–659**; Thromboembolic Disease: Predispositions and Clinical Management: **Sep, 660–675**

Graham J: Management of Egg-Related Peritonitis in a Blue and Gold Macaw (*Ara ararauna*): **Jan, 42–47**

Gwaltney-Brant SM: Metaldehyde Toxicoses in Dogs: **May, 376–380**

H

Hackett TB: Emergency Complications Associated with Chemotherapeutics and Cancer: **Sep, 676–688**

Hardie RJ: Use of Cystostomy Tubes in Small Animals: **Dec, 928–935**

Hayashi K: Use of Cystostomy Tubes in Small Animals: **Dec, 928–935**

Hendrix DVH: Cataract Evaluation and Treatment in Dogs: **Nov, 812–825**

Hubler M: Brachycephalic Syndrome in Dogs: **Jan, 48–55**

Huffman JD: Metaldehyde Toxicoses in Dogs: **May, 376–380**

J

Jergens AE: Canine Glucagonoma: **Jan, 56–63**

Jerram R: Achilles Tendon Rupture in Dogs: **Aug, 613–620**

Johnson RP: Thermoplastic Materials for Orthotic Design: **Jan, 20–28**

Johnson T: Use of Vasopressin in Cardiopulmonary Arrest: Controversy and Promise: **Jun, 448–451, 454**

K

Kidd L: Transmission Times and Prevention of Tick-Borne Diseases in Dogs: **Oct, 742–751**

King M: Achilles Tendon Rupture in Dogs: **Aug, 613–620**

Kitchell BE: Canine Lymphosarcoma: Clinical Features: **Aug, 572–582**; Canine Lymphosarcoma: Diagnosis and Treatment: **Aug, 584–600**

Koch DA: Brachycephalic Syndrome in Dogs: **Jan, 48–55**

Kosecki SM: Pharm Profile: Metoclopramide: **Nov, 826–828, 860**

Kudnig ST: Guidelines for Perioperative Fluid Therapy: **Feb, 102–111**

L

Langer NB: Canine Glucagonoma: **Jan, 56–63**

Lariviere N: Pharm Profile: *N*-Acetylcysteine: **Apr, 276–280**

Latimer KS: Columnaris Disease in Freshwater Fish: **Jul, 528–536**

Laverty PH: Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Pathophysiology: **Apr, 256–264**; Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Treatment and Prognosis: **Apr, 266–274**

Lehman TL: Postarrest Syndrome and the Respiratory and Cardiovascular Systems in Postarrest Patients: **Jul, 492–502**; Renal, Central Nervous, and Gastrointestinal Systems in Postarrest Patients: **Jul, 504–513**

Loonam JE: Choosing Surgical Lighting: **Jul, 537–542**

M

Macintire DK: Canine Pyothorax: Pleural Anatomy and Pathophysiology: **Mar, 172–179**; Canine Pyothorax: Clinical Presentation, Diagnosis, and Treatment: **Mar, 180–194**; Heatstroke in Dogs: Pathophysiology and Predisposing Factors: **Jun, 410–418**; Heatstroke in Dogs: Clinical Signs, Treatment, Prognosis, and Prevention: **Jun, 422–431**

Mackin A: Humoral Hypercalcemia of Malignancy: Pathophysiology and Clinical Signs: **Feb, 122–128**; Humoral Hypercalcemia of Malignancy: Diagnosis and Treatment: **Feb, 129–136**

Mama K: Guidelines for Perioperative Fluid Therapy: **Feb, 102–111**

Mann FA: Surgical Hemostasis: **Oct, 732–740**

Manning AM: Postarrest Syndrome and the Respiratory and Cardiovascular Systems in Postarrest Patients: **Jul, 492–502**; Renal, Central Nervous, and Gastrointestinal Systems in Postarrest Patients: **Jul, 504–513**; Thromboembolic Disease: Physiology of Hemostasis and Pathophysiology of Thrombosis: **Sep, 650–659**; Thromboembolic Disease: Predispositions and Clinical Management: **Sep, 660–675**

Mazzaferro EM: Emergency Complications Associated with Chemotherapeutics and Cancer: **Sep, 676–688**

McLamb Wallace J: Pharm Profile: Meloxicam: **Jan, 64–65**

McLaughlin RM: Canine Lameness Caused by Developmental Orthopedic Diseases: Fragmented Medial Coronoid Process and Ununited Anconeal Process: **Feb, 112–121**; Canine Lameness Caused by Developmental Orthopedic Diseases: Panosteitis, Legg-Calvé-Perthes Disease, and Hypertrophic Osteodystrophy: **Apr, 282–293**; Canine Elbow Dysplasia: Anatomy and Pathogenesis: **Oct, 754–762**; Canine Elbow Dysplasia: Incidence, Diagnosis, Treatment, and Prognosis: **Oct, 763–773**

Meredith A: Dermatologic Problems of Rabbits: **Feb, 90–101**; Dermatologic Problems in Guinea Pigs: **Sep, 690–697, 700**

Messick JB: Canine Lymphosarcoma: Clinical Features: **Aug, 572–582**; Canine Lymphosarcoma: Diagnosis and Treatment: **Aug, 584–600**

Miles KG: Canine Glucagonoma: **Jan, 56–63**

Miller L: Dermoid Sinuses: Description, Diagnosis, and Treatment: **Apr, 295–300**

Millis DL: Choosing Surgical Lighting; **Jul, 537–542**

Montavon PM: Brachycephalic Syndrome in Dogs; **Jan, 48–55**

Muir W: Local Anesthetics: Pharmacology and Novel Applications; **Dec, 916–927**

N

Nett CS: Anatomy, Clinical Presentation, and Diagnostic Approach to Feather-Picking Pet Birds; **Mar, 206–219**; Hypersensitivity and Intradermal Allergy Testing in Psittacines; **May, 348–357**

O

Ogilvie GK: Emergency Complications Associated with Chemotherapeutics and Cancer; **Sep, 676–688**

P

Papazoglou LG: Intestinal Foreign Bodies in Dogs and Cats; **Nov, 830–844**

Patsikas MN: Intestinal Foreign Bodies in Dogs and Cats; **Nov, 830–844**

Pool RR: Canine Lameness Caused by Developmental Orthopedic Diseases: Fragmented Medial Coronoid Process and Ununited Anconeal Process; **Feb, 112–121**: Canine Lameness Caused by Developmental Orthopedic Diseases: Panosteitis, Legg-Calvé-Perthes Disease, and Hypertrophic Osteodystrophy; **Apr, 282–293**: Canine Elbow Dysplasia: Anatomy and Pathogenesis; **Oct, 754–762**: Canine Elbow Dysplasia: Incidence, Diagnosis, Treatment, and Prognosis; **Oct, 763–773**

R

Ragle CA: Canine Pyometra: An Update on Pathogenesis and Treatment; **Aug, 602–612**

Rakich PM: Columnaris Disease in Freshwater Fish; **Jul, 528–536**

Rallis T: Intestinal Foreign Bodies in Dogs and Cats; **Nov, 830–844**

Richardson JA: Metaldehyde Toxicoses in Dogs; **May, 376–380**

Rogers KS: Primary Tracheal Tumors in Dogs and Cats; **Nov, 854–860**

Rosendale ME: Metaldehyde Toxicoses in Dogs; **May, 376–380**

S

Sartor LL: Rational Pharmacologic Therapy of Hepatobiliary Disease in Dogs and Cats; **Jun, 432–447**

Scheftel J: *Brucella canis*: Potential for Zoonotic Transmission; **Nov, 846–853**

Scott JA: Canine Pyothorax: Pleural Anatomy and Pathophysiology; **Mar, 172–179**; Canine Pyothorax: Clinical Presentation, Diagnosis, and Treatment; **Mar, 180–194**

Smith SA: Pharm Profile: Deracoxib; **Jun, 452–454**

Sorjonen DC: Thermoplastic Materials for Orthotic Design; **Jan, 20–28**

Steiss JE: Thermoplastic Materials for Orthotic Design; **Jan, 20–28**

T

Tobias K: Dermoid Sinuses: Description, Diagnosis, and Treatment; **April, 295–300**

Toombs JP: Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Pathophysiology; **Apr, 256–264**: Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Treatment and Prognosis; **Apr, 266–274**

Trepanier LA: Rational Pharmacologic Therapy of Hepatobiliary Disease in Dogs and Cats; **Jun, 432–447**

Tripathi NK: Columnaris Disease in Freshwater Fish; **Jul, 528–536**

Trostel CT: Canine Lameness Caused by Developmental Orthopedic Diseases: Fragmented Medial Coronoid Process and Ununited Anconeal Process; **Feb, 112–121**; Canine Lameness Caused by Developmental Orthopedic Diseases: Panosteitis, Legg-Calvé-Perthes Disease, and Hypertrophic Osteodystrophy; **Apr, 282–293**; Canine Elbow Dysplasia: Anatomy and Pathogenesis; **Oct, 754–762**; Canine Elbow Dysplasia: Incidence, Diagnosis, Treatment, and Prognosis; **Oct, 763–773**

Tully Jr TN: Anatomy, Clinical Presentation, and Diagnostic Approach to Feather-Picking Pet Birds; **Mar, 206–219**; Hypersensitivity and Intradermal Allergy Testing in Psittacines; **May, 348–357**

V

Vasilopulos RJ: Humoral Hypercalcemia of Malignancy: Pathophysiology and Clinical Signs; **Feb, 122–128**; Humoral Hypercalcemia of Malignancy: Diagnosis and Treatment; **Feb, 129–136**

Vygantas KR: Management of Deep Corneal Ulcers; **Mar, 196–205**

W

Walters JM: Emergency Complications Associated with Chemotherapeutics and Cancer; **Sep, 676–688**

Welch SL: Metaldehyde Toxicoses in Dogs; **May, 376–380**

Wellehan JFX: Frostbite in Birds: Pathophysiology and Treatment; **Oct, 776–781**

White SD: Dermatologic Problems of Rabbits; **Feb, 90–101**; Dermatologic Problems in Guinea Pigs; **Sep, 690–697, 700**

Whitley RD: Management of Deep Corneal Ulcers; **Mar, 196–205**

Wilson H: Management of Egg-Related Peritonitis in a Blue and Gold Macaw *(Ara ararauna)*; **Jan, 42–47**

Winkler JT: Surgical Treatment of Canine Hyperadrenocorticism; **May, 334–347**

Wohl JS: Heatstroke in Dogs: Pathophysiology and Predisposing Factors; **June, 410–418**; Heatstroke in Dogs: Clinical Signs, Treatment, Prognosis, and Prevention; **Jun, 422–431**

Wolfe TM: Local Anesthetics: Pharmacology and Novel Applications; **Dec, 916–927**

SMALL ANIMAL/EXOTICS SUBJECTS

ANESTHESIOLOGY

Local Anesthetics: Pharmacology and Novel Applications; Dec, 916–927

CARDIOLOGY

Update on Canine and Feline Heartworm Tests; Jan, 30–41

Use of Vasopressin in Cardiopulmonary Arrest: Controversy and Promise; Jun, 448–451, 454

Postarrest Syndrome and the Respiratory and Cardiovascular Systems in Postarrest Patients; Jul, 492–502

Renal, Central Nervous, and Gastrointestinal Systems in Postarrest Patients; Jul, 504–513

DERMATOLOGY

Dermatologic Problems of Rabbits; Feb, 90–101

Hypersensitivity and Intradermal Allergy Testing in Psittacines; May, 348–357

Dermatologic Problems in Guinea Pigs; Sep, 690–697, 700

DIAGNOSTICS

Update on Canine and Feline Heartworm Tests; Jan, 30–41

Hypersensitivity and Intradermal Allergy Testing in Psittacines; May, 348–357

EMERGENCY MEDICINE

Heatstroke in Dogs: Pathophysiology and Predisposing Factors; Jun, 410–418

Heatstroke in Dogs: Clinical Presentation, Clinicopathologic Signs, Treatment, Prognosis, and Prevention; Jun, 422–431

ENDOCRINOLOGY

Canine Glucagonoma; Jan, 56–63

Surgical Treatment of Canine Hyperadrenocorticism; May, 334–347

EXOTICS

Management of Egg-Related Peritonitis in a Blue and Gold Macaw *(Ara ararauna)*; Jan, 42–47

Dermatologic Problems of Rabbits; Feb, 90–101

Anatomy, Clinical Presentation, and Diagnostic Approach to Feather-Picking Pet Birds; Mar, 206–219

Hypersensitivity and Intradermal Allergy Testing in Psittacines; May, 348–357

Columnaris Disease in Freshwater Fish; Jul, 528–536

Dermatologic Problems in Guinea Pigs; Sep, 690–697, 700

Frostbite in Birds: Pathophysiology and Treatment; Oct, 776–781

GASTROENTEROLOGY

Renal, Central Nervous, and Gastrointestinal Systems in Postarrest Patients; Jul, 504–513

Intestinal Foreign Bodies in Dogs and Cats; Nov, 830–844

HEPATOLOGY

Management of Egg-Related Peritonitis in a Blue and Gold Macaw *(Ara ararauna)*; Jan, 42–47

Rational Pharmacologic Therapy of Hepatobiliary Disease in Dogs and Cats; Jun, 432–447

Botanicals, Vitamins, and Minerals and the Liver: Therapeutic Applications and Potential Toxicities; Jul, 514–524

INFECTIOUS DISEASES

American Association of Feline Practitioners 2003 Report on Feline Zoonoses; Dec, 936–965

Canine Leishmaniasis: Clinical and Diagnostic Aspects; May, 358–369

Canine Leishmaniasis: Therapeutic Aspects; May, 370–375

Columnaris Disease in Freshwater Fish; Jul, 528–536

Brucella canis: Potential for Zoonotic Transmission; Nov, 846–853

Bordetella Infections in Dogs and Cats: Pathogenesis, Clinical Signs, Diagnosis; Dec, 896–901

Bordetella Infections in Dogs and Cats: Treatment and Prevention; Dec, 902–914

METABOLIC DISEASE

Humoral Hypercalcemia of Malignancy: Pathophysiology and Clinical Signs; Feb, 122–128

Humoral Hypercalcemia of Malignancy: Diagnosis and Treatment; Feb, 129–136

NEPHROLOGY

Renal, Central Nervous, and Gastrointestinal Systems in Postarrest Patients; Jul, 504–513

NEUROLOGY

Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Pathophysiology; Apr, 256–264

Loss of Deep Pain Sensation Following Thoracolumbar Intervertebral Disk Herniation in Dogs: Treatment and Prognosis; Apr, 266–274

Dermoid Sinuses: Description, Diagnosis, and Treatment; Apr, 295–300

Renal, Central Nervous, and Gastrointestinal Systems in Postarrest Patients; Jul, 504–513

ONCOLOGY

Canine Glucagonoma; Jan, 56–63

Canine Lymphosarcoma: Clinical Features; Aug, 572–582

Canine Lymphosarcoma: Diagnosis and Treatment; Aug, 584–600

Emergency Complications Associated with Chemotherapeutics and Cancer; Sep, 676–688

Primary Tracheal Tumors in Dogs and Cats; Nov, 854–860

OPHTHALMOLOGY

Management of Deep Corneal Ulcers; Mar, 196–205

Cataract Evaluation and Treatment in Dogs; Nov, 812–825

ORTHOPEDICS

Thermoplastic Materials for Orthotic Design; Jan, 20–28

Canine Lameness Caused by Developmental Orthopedic Diseases: Fragmented Medial Coronoid Process and Ununited Anconeal Process; Feb, 112–121

Canine Lameness Caused by Developmental Orthopedic Diseases: Panosteitis, Legg-Calvé-Perthes Disease, and Hypertrophic Osteodystrophy; Apr, 282–293

Achilles Tendon Rupture in Dogs; Aug, 613–620

Canine Elbow Dysplasia: Anatomy and Pathogenesis; Oct, 754–762

Canine Elbow Dysplasia: Incidence, Diagnosis, Treatment, and Prognosis; Oct, 763–773

PARASITOLOGY

Update on Canine and Feline Heartworm Tests; Jan, 30–41

Canine Leishmaniasis: Clinical and Diagnostic Aspects; May, 358–369

Canine Leishmaniasis: Therapeutic Aspects; May, 370–375

Transmission Times and Prevention of Tick-Borne Diseases in Dogs; Oct, 742–751

PHARMACOLOGY

Pharm Profile: Meloxicam; Jan, 64–65

Pharm Profile: *N*-Acetylcysteine; Apr, 276–280

Use of Vasopressin in Cardiopulmonary Arrest: Controversy and Promise; Jun, 448–451, 454

Pharm Profile: Deracoxib; Jun, 452–454

Pharm Profile: Dimercaprol; Sep, 698–700

Pharm Profile: Metoclopramide; Nov, 826–828, 860

Local Anesthetics: Pharmacology and Novel Applications in Small Animal Practice; Dec, 916–927

RESPIRATORY DISEASE

Brachycephalic Syndrome in Dogs; Jan, 48–55

Canine Pyothorax: Pleural Anatomy and Pathophysiology; Mar, 172–179

Canine Pyothorax: Clinical Presentation, Diagnosis, and Treatment; Mar, 180–194

Postarrest Syndrome and the Respiratory and Cardiovascular Systems in Postarrest Patients; Jul, 492–502

Bordetella Infections in Dogs and Cats: Pathogenesis, Clinical Signs, Diagnosis; Dec, 896–901

Bordetella Infections in Dogs and Cats: Treatment and Prevention; Dec, 902–914

SURGERY

Guidelines for Perioperative Fluid Therapy; Feb, 102–111

Surgical Treatment of Canine Hyperadrenocorticism; May, 334–347

Choosing Surgical Lighting; Jul, 537–542

Surgical Hemostasis; Oct, 732–740

Use of Cystostomy Tubes in Small Animals; Dec, 928–935

THERIOGENOLOGY

Canine Pyometra: An Update on Pathogenesis and Treatment; Aug, 602–612

THROMBOEMBOLISM

Thromboembolic Disease: Physiology of Hemostasis and Pathophysiology of Thrombosis; Sep, 650–659

Thromboembolic Disease: Predispositions and Clinical Management; Sep, 660–675

TOXICOLOGY

Metaldehyde Toxicoses in Dogs; May, 376–380

UROLOGY

Use of Cystostomy Tubes in Small Animals; Dec, 928–935

EQUINE AUTHORS

B

Bain FT: Equine Fetal Growth and Development; **Jun, 470–477**

Bartholomew AB: Unusual Clinical Presentation of Scrotal Hydrocele in a Tennessee Walking Stallion; **Aug, 632–634**

Baxter GM: Diagnosis of Distal Tarsal Osteoarthritis in Horses; **Feb, 138–147**; Treatment of Horses with Distal Tarsal Osteoarthritis; **Feb, 148–156**

Blanchard TL: Hydrallantois in Mares; **Jan, 71–75**

Bolt DM: Fracture of the Small Tarsal Bones and Luxation of the Tarsal Joints in Horses; **Apr, 310–316**

Booth TM: Equine Limb Casts: Classification and Indications; **Sep, 701–707**; Equine Limb Casts: Materials and Methods; **Sep, 708–714**

Brashier MK: Equine Cutaneous Pythiosis; **Mar, 229–236**

Brumbaugh GW: Use of Medication in Pregnant Mares; **Oct, 782–787**

Bryant JE: Splint Bone Disorders in Horses; **May, 383–389**

Burba DJ: Fracture of the Small Tarsal Bones and Luxation of the Tarsal Joints in Horses; **Apr, 310–316**

C

Caudle AB: Unusual Clinical Presentation of Scrotal Hydrocele in a Tennessee Walking Stallion; **Aug, 632–634**

Crotty E: Diagnosing Guttural Pouch Disorders and Managing Guttural Pouch Empyema in Adult Horses; **Dec, 966–973, 983**

D

Dart AJ: Equine Limb Casts: Classification and Indications; **Sep, 701–707**; Equine Limb Casts: Materials and Methods; **Sep, 708–714**

Davis JL: Equine Primary Immunodeficiencies; **Jul, 548–556**

Dechant JE: Diagnosis of Distal Tarsal Osteoarthritis in Horses; **Feb, 138–147**; Treatment of Horses with Distal Tarsal Osteoarthritis; **Feb, 148–156**

E

Estrada A: Using Medications to Induce Ovulation in Mares; **Jul, 545–547**

F

Frazer GS: Using Ultrasonography to Assist in Diagnosing Scrotal Enlargement in Stallions; **Aug, 634–637**

Fubini SL: Diagnosing Guttural Pouch Disorders and Managing Guttural Pouch Empyema in Adult Horses; **Dec, 966–973, 983**

Furr M: Antimicrobial Treatment of Neonatal Foals; **Apr, 302–309**; Aminoglycoside Antibiotics in Neonatal Foals; **Jun, 457–469**

G

Gaughan EM: Splint Bone Disorders in Horses; **May, 383–389**

H

Harris PA: Equine Grain-Associated Disorders; **Dec, 974–983**

Hepburn RJ: Enteral Fluid Therapy for Horses; **May, 390–397**

J

Jenson PW: Splint Bone Disorders in Horses; **May, 383–389**

Jones SL: Equine Primary Immunodeficiencies; **Jul, 548–556**

K

Kronfeld DS: Equine Grain-Associated Disorders; **Dec, 974–983**

L

Lillich JD: Splint Bone Disorders in Horses; **May, 383–389**

Loesch DA: Surgical Approaches to Ovariectomy in Mares; **Nov, 862–871**

Lopes MAF: Enteral Fluid Therapy for Horses; **May, 390–397**

M

McClure SR: Extracorporeal Shock-Wave Therapy for Equine Musculoskeletal Disorders; **Jan, 68–70, 75**

McConnico R: Acute Equine Colitis; **Aug, 623–631**

McKenzie III HC: Enteral Fluid Therapy for Horses; **May, 390–397**; Aminoglycoside Antibiotics in Neonatal Foals; **Jun, 457–469**

Merritt DK: Extracorporeal Shock-Wave Therapy for Equine Musculoskeletal Disorders; **Jan, 68–70, 75**

Mogg TD: Antimicrobial Treatment of Neonatal Foals; **Apr, 302–309**

Moore RM: Polymethylmethacrylate Beads for Treating Orthopedic Infections; **Oct, 788–795**

N

Newton J: Conidiobolomycosis in Horses; **Nov, 872–876**

P

Pantaleon LG: Equine Fetal Growth and Development; **Jun, 470–477**

Pease A: Diagnosing Guttural Pouch Disorders and Managing Guttural Pouch Empyema in Adult Horses; **Dec, 966–973, 983**

Perkins GA: Diagnosing Guttural Pouch Disorders and Managing Guttural Pouch Empyema in Adult Horses; **Dec, 966–973, 983**

Peroni JF: Unusual Clinical Presentation of Scrotal Hydrocele in a Tennessee Walking Stallion; **Aug, 632–634**

Poole MH: Equine Cutaneous Pythiosis; **Mar, 229–236**

Powell DG: Equine Fetal Growth and Development; **Jun, 470–477**

R

Rodgerson DH: Surgical Approaches to Ovariectomy in Mares; **Nov, 862–871**

S

Samper JC: Using Medications to Induce Ovulation in Mares; **Jul, 545–547**

Saville WJA: West Nile Virus Encephalitis in Horses; **Mar, 220–228**

Sayegh AI: Polymethylmethacrylate Beads for Treating Orthopedic Infections; **Oct, 788–795**

Schumacher J: Conidiobolomycosis in Horses; **Nov, 872–876**

Sofaly CD: West Nile Virus Encephalitis in Horses; **Mar, 220–228**

Southwood LL: Diagnosis of Distal Tarsal Osteoarthritis in Horses; **Feb, 138–147**; Treatment of Horses with Distal Tarsal Osteoarthritis; **Feb, 148–156**

Stich KL: Hydrallantois in Mares; **Jan, 71–75**

Sykes BW: Enteral Fluid Therapy for Horses; **May, 390–397**

T

Taintor J: Conidiobolomycosis in Horses; **Nov, 872–876**

Toribio RE: West Nile Virus Encephalitis in Horses; **Mar, 220–228**

W

Watkins JP: Equine Limb Casts: Classification and Indications; **Sep, 701–707**; Equine Limb Casts: Materials and Methods; **Sep, 708–714**

Williams J: Fracture of the Small Tarsal Bones and Luxation of the Tarsal Joints in Horses; **Apr, 310–316**

Z

Zent W: Equine Fetal Growth and Development; **Jun, 470–477**

EQUINE SUBJECTS

DERMATOLOGY

Equine Cutaneous Pythiosis; Mar, 229–236

EQUINE ROUNDS

Unusual Clinical Presentation of Scrotal Hydrocele in a Tennessee Walking Stallion; Aug, 632–634

Using Ultrasonography to Assist in Diagnosing Scrotal Enlargement in Stallions; Aug, 634–637

GASTROENTEROLOGY

Enteral Fluid Therapy for Horses; May, 390–397

Acute Equine Colitis; Aug, 623–631

Equine Grain-Associated Disorders; Dec, 974–983

IMAGING

Using Ultrasonography to Assist in Diagnosing Scrotal Enlargement in Stallions; Aug, 634–637

IMMUNOLOGY

Equine Primary Immunodeficiencies; Jul, 548–556

INFECTIOUS DISEASES

West Nile Virus Encephalitis in Horses; Mar, 220–228

Equine Cutaneous Pythiosis; Mar, 229–236

Conidiobolomycosis in Horses; Nov, 872–876

NEONATOLOGY

Antimicrobial Treatment of Neonatal Foals; Apr, 302–309

Aminoglycoside Antibiotics in Neonatal Foals; Jun, 457–469

ORTHOPEDICS

Diagnosis of Distal Tarsal Osteoarthritis in Horses; Feb, 138–147

Treatment of Horses with Distal Tarsal Osteoarthritis; Feb, 148–156

Fracture of the Small Tarsal Bones and Luxation of the Tarsal Joints in Horses; Apr, 310–316

Splint Bone Disorders in Horses; May, 383–389

Equine Limb Casts: Classification and Indications; Sep, 701–707
